PATENTED UNDER THE LAWS OF THE HAWAIIAN ISLANDS

THE UNDERSIGNED HAVE BEEN APPOINTED SOLE AGENTS FOR these Sheedbers and are now prepared to receive orders.

The great advantages to be derived from the use of the NATIONAL CARE SHREDDER are thoroughly established and acknowledged by Planters

The large number of Planters using them in the United States, Cuba, Argentine Republic, Peru, Australia and elsewhere, bear witness to the above claim.

The use of the SHREDDER very largely augments the quantity of cane the mill can grind (25 to 50%), also the extraction of juice (5 to 12%). It is a great safeguard, making known at once the presence of any pieces of iron, stakes from cars, or anything which would be liable to damage

the mill, and allowing ample time to remove same before damaging the mill.

The SHREDDER is very strongly made, and from the manner of its operation it cuts or tears these pieces of wood or iron without often breaking the SHEEDDER; and if anything breaks, it is simply some of the knives or cutters, which can be quickly and economically replaced. The SHEEDDER, as its name indicates, tears the cane into sheeds of varying lengths, perfectly opening it and allowing the mill to thoroughly press out the puices without requiring the immense extra power necessary to grind or crush the whole cane. The Sharpers spreads the shredded cane uniformly and evenly to the mill rolls, and does away with the necessity of spreading the bagasse by hand between the mills, where regrinding is in use. No greater amount of boiler capacity is required to operate the SHREDDER than that which was sufficient for the mil, for the above reasons. We furnish full working drawings for the installation of our Sharpbers, enabling any competent engineer to successfully install and start them.

In ordering SHREDDERS from us, please send small sketch, showing the diameter and width of the mill rolls with which SHREDDER is to be connected. also the side (either right or left hand as you face the delivery side of the mill, upon which the mill engine is located, also the height from floor line to center of front mill roll shalt, and distance center this shalt to front end of bed plate. These SHEEDPERS are now being used by the Hilo Sugar Co and Hawi Mill, Kohals, where they are giving great satisfaction.

Prices and further particulars may be had by applying to

FORTY THOUSAND IN LINE.

The Nation's Defenders in Grand Review at Pittsburg.

PITTSBURG, Pa., Sept. 11.-The day passed with fewer accidents than were expected, and none were sericrowds along the sidewalks and a few prostrations among the veterans were reported, but such thorough preparations had been made by the hospital corps of the rational ways. hospital corps of the national guard that immediate attention was given

and speedy relief afforded. The police arrangements for handling the immense crowd (conserva-tively estimated at 750,000) were as nearly perfect as possible and the streets along the route were kept absolutely clear for the use of the marchers.

The weather continued cool and

bright throughout the entire day. Forty thousand men who fought to save the Union, marched through the city of Pittsburg and Allegheny. Old familiar war tunes filled the air. While they stepped out boldly and bravely, the veterans could not straighten their bent forms, nor conceal their gray hairs and furrowed cheeks. They carried no heavy rifles with glittering bayonets, but aided aged limbs with walking canes, while here and there in the line of while here and there, in the line of blue, came a comrade on crutches

The decorations are most lavish It was stated by men who attended many previous encampments that, while individual displays may have been excellent in other cities, they have never seen the decorations on such a generous and general scale. This was probably the last time

the veterans will turn out in such force, as it is seriously contemplated by the G. A. R. officials, in view of the advancing age and infirmities of members, to abandon this most at-tractive feature of the national encampment.

Governor Pattison, with his staff, and notable men and women from all sections of the country, occupied the reviewing stand in Allegheny park and saluted each division. Every available inch along the

route was packed, every side street was jammed full of people for a hundred yards back, and house tops for blocks away were hidden by masses of enthusiastic sightseers. A rough estimate is that between 500,000 and 600,000 saw the parade. Of this number 300,000 to 350,000

came over the railroads, 100,000 arriving this morning.

The G. A. R. political situation is very hot, and the friends of the candidates for commander in chief are working like beavers for their friends Indications, late to-night, point to the election of I. N. Walker, of Indiana, as commander-in-chief. and of Louisville as the place of

meeting for the next encampment. "As Pennsylvania goes, so goes the encampment," bas come to have considerable significance, and as Pennsylvania favors Walker and Louisville, her votes are being eager-ly sought for. Indiana is in favor of Louisville, and of course is for Walker also. St. Paul hustlers are still in line and working eagerly for their city.

VETERANS IN SESSION. Pittsbung, Pa., Sept. 12.—The national encampment of the G. A. R.

terest in the order, however, has grown stronger. When the last comrade is mustered out the G. A. R. will cease to exist but the Sons of Veterans will carry on the work.

The pension department of the order has investigated all the cases of alleged pension frauds. Very few frauds were discovered and they were the work of dishonest agents. Adams complains that the pension officer, in violation of the intended liberality of the act of June 27, 1890, rejected every claim of which there

was the slightest doubt. Major A. P. Burchfield, on behalf of the citizens, presented the com-mander-in-chief with a gavel made of wood from Fort Sumter, Appomattox, Gettysburg and Libby prison, and bound with metal from

historic cannon. AN ELOQUENT INVITATION. Henry Watterson was introduced to the delegates and in presenting the claims of Louisville for the next

encampment, he said: "I have come with a message from your countrymen who dwell on what was once the other side of the line, but whose hearts beat in ready respouse to your hear's, and who bid me tell you that they want to see you. Candor compels me to say that there was a time when they did not want to see you. There was a time when, without any invitation whatever, either written on verbal, without so much as an intimation of hospitality, you insisted upon giving us the honor of your company, and, as it turned out, when we were but illprepared to receive you. It is a pity, now that we are prepared, now that the lid is off the pot and that the latchstring hangs outside the door, that you should refuse us the happiness of entertaining you, not with bloody hands to hospitable graves, but as friends and brothers, fellow citizens who learned to value one another amid scenes that left no time for equivocation and transac tions applying to human virtues the

very highest test." Mrs. General Custer sent to the national encampment, for use during the present session, the table upon which General Lee signed the arti-cles of capitulation. The table was originally the property of General Sherican, but he gave it to General

Rare Chance

Custer.

Ladies who are on the lookout for Christmas presents should call at the Ceylon jeweler's store on Nuuanu street, where they can buy the best gems out from Ceylon at clearance sale prices. There are rubies, sapphires, emeralds, pearls, cats' eyes, Also handmade laces, and less of cost.

Estate of P. S. Pratt, Deceased. Notice of Sale of Real Estate.

opened this morning in the new grand opera house.

The annual reports of national officers were read. Commander in Chief Adams reported a total membership of 369,084 against 397,223 a year ago. Each succeeding year, he said, will show a decrease. The interest in the order, however, has grown stronger. When the last

estate of the said F. S. Pratt. deceased, described as follows:

The premises at Waikiki, Honolulu, Oahu, described in the following deeds, recor ed in the Hawaiian Registry of Conveyances, viz: Deed from E. H. Allen to F. S. Pratt dated June 5, 1873, recorded in Book 57, pages 222 and 223; leed from H. Giles to F. S. Pratt dated March 30, 1878, recorded in Book 54, pages 234 and 295.

The sale will take place at the front door of the Judiciary Building, in Honolulu, at noon on TUESDAY, the 9th day of October, 1894. Upset price, \$15,000. Terms Cash, in U. S. gold coin. Sale subject to confirmation by the said Circuit Court. Deeds at expense of purch ser.

For further information enquire of the undersigned at the Judiciary Building in Honolulu.

Dated Honolulu, Sept. 13, 1894.

BEST

Save Half the Amount of Your Oil Bill Through Saving in Pigment.

Every painter should use Lucon in-stead of Linseed Oil, because: 1. Lucon is more durable than Linseed Oil. 2. Lucon is more economical than Lin-seed Oil.

PROOF THAT LUCOL IS MORE DURABLE.

Six years of actual use in exterior house painting in California (the most trying climate for paints), in the burning heat of the Arizona Des-ert, the Arctic cold of Alaska, and on the Atlantic coast, have fully and practically shown that Lucon always outwears Linseed Oil under the same conditions. All the acid works in San Francisco have discarded Lin-

seed Oil for Lucot. ILLUSTRATE THIS YOURSELF Put strong ammonia on Linseed and Lucol paints. The Linseed paints are destroyed in a few minutes; the Lucol paints are practically unaffect-

PROOF THAT LUCOL IS MORE ECONOMICAL.

Break up 13 lbs. paste white lead in one pint of Lucot, and the same quantity in one pint of Linseed Oil. Spread the paints on similar dark surfaces for comparison. The Lucol paint spreads as far as and covers much better than the Linseed paint. To get equally good covering with the Linseed paint you have to use 24 lbs. of white lead to one pint of Linseed Oil. This means a saving of \$\frac{3}{4}\$ lb. of paste lead to each pint of Lucon used or 6 lbs. to every gallon, equivalent to your saving more than half the first cost of the Lucot.

LIMITED

cheap Linseed Oil substitutes.

Lucon is not in competition with
